FACOM® 467 RATCHETING WRENCHES

Perfectly suited to quick pre-tightening and loosening operations, for maximum productivity, even where access is restricted

- Increment: 5° (6° for sizes 8 and 9)
- Supplied in a portable, practical clip set ideal for instant wrench identification and selection
- Small increments for better performance

- The design incorporates a reversible ratchet system in the ring end with a recessed reverse lever, protected during torquing to avoid the risk of accidental reversal
